Discussion Questions – Poison in the Pot

Read II Kings 4:38-41

- Where did Elisha visit the sons of the prophets? (Gilgal)
- What was wrong with the pottage (stew)? (one of the prophets had gathered a wild gourd)
- What did Elisha do to remedy the problem? (sprinkled in meal)
- Is that all he did? Do you think there was something else he did?
- Is there anything we need to be careful of when we gather food in a field? (mushrooms, other?)
- What does this require of us? Just to be careful of what we put in the pot? Is something more required?
