

Abigail's Offering

Abigail's husband, Nabal, refused to give anything to David and his army for watching his sheep. Abigail quickly assembled a feast to offer to David and his army to stop any kind of reaction from David. I Sam 25:18 describes all she took to feed the army. Color or circle the items Abigail offered to David. The amounts she delivered to the army are too large to include on this game, so just look for the things not the amounts. Not every item is pictured.
