

# The Journey

Nativity: Luke 2

Complete the math equations and order them from the lowest answer to the highest. Then read the passages in ascending order.

$$12 + 4 =$$
  
\_\_\_\_\_

Joseph and Mary discover  
all the inns are full.

$$56 + 4 =$$
  
\_\_\_\_\_

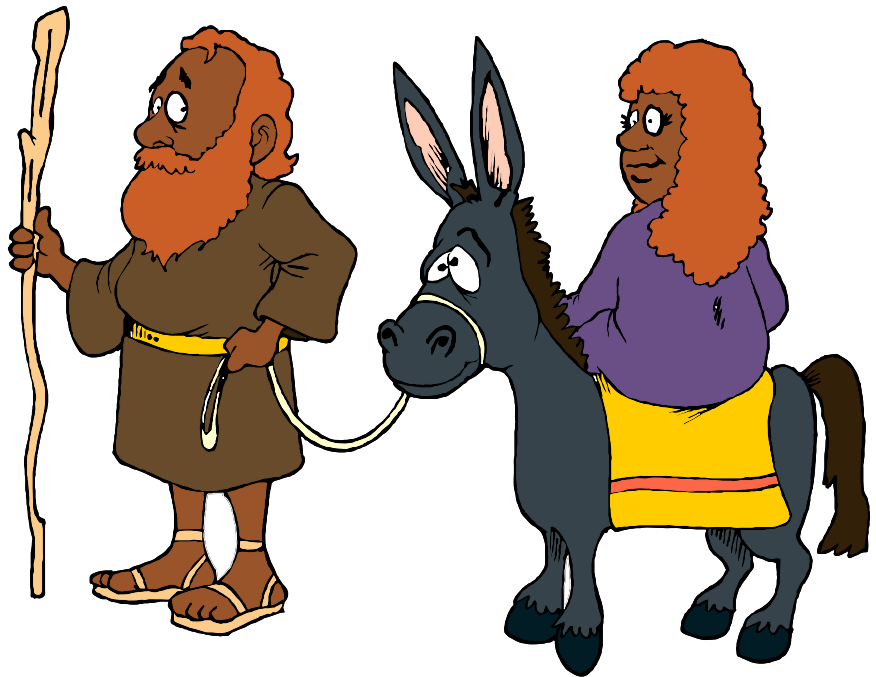

The shepherds follow a  
star in order to find  
Jesus, Mary, and Joseph  
in the stable.

$$20 - 17 =$$
  
\_\_\_\_\_

Emperor Caesar  
Augustus orders every  
one to be taxed in their  
hometowns.

$$50 - 10 =$$
  
\_\_\_\_\_

She warps Jesus in  
swaddling clothes and  
lays him in a manger.

$$2 + 13 =$$
  
\_\_\_\_\_

Joseph and Mary travel  
to Bethlehem.

$$18 + 3 =$$
  
\_\_\_\_\_

Because there are no  
rooms, Mary gives birth  
to Jesus in a stable.

$$43 + 5 =$$
  
\_\_\_\_\_

An angel appears to  
three shepherds and  
announces Jesus' birth.
